JOB OFFER

Lleida Biomedical Research Institute is recruiting a:

- Administrative receptionist -

The Institute

The Biomedical Research Institute of Lleida Fundació Dr. Pifarré (IRBLleida) was established with the aim of creating synergies between basic, clinical and epidemiological research, making biomedical research a key driver to improve current clinical practice. IRBLleida covers a chain of translational research, from basic research, aimed at understanding the physiological and pathological mechanisms of the human body, to research that studies the behavior of diseases in large population groups.

The Biomedical Research Institute of Lleida ([IRBLleida](#)) was founded in 2004 through a cooperation agreement between the University of Lleida (UdL) and the Catalan Healthcare system. IRBLleida integrates research groups of the faculties of Medicine and Nursing and Physiotherapy of the UdL. On the other hand, we incorporate research groups from:

1. The Catalan Health Institute ([ICS](#)) both at the hospital level (Arnau de Vilanova University Hospital - [HUAV](#)) and the primary healthcare of [Lleida](#) and the [Alt Pirineu-Aran Health Region](#),
2. The healthcare provider [Gestió de Serveis Sanitaris \(GSS\)](#); [Santa María University Hospital - HUSM](#), [Pallars Regional Hospital](#) and [Mental Health](#), among others).

IRBLleida has been a CERCA institute since 2013, and as such is organized according to a model of good governance and operation that ensures efficiency, management flexibility, talent recruitment and promotion, strategic planning and executive capacity. It is also one of the 34 Spanish Health Research Institute ([IIS](#)) recognized by the [Carlos III Health Institute](#) and the Government of the Generalitat, as established by Law 16/2003, of 28 May, on the cohesion and quality of the national health system.

In December 2014, the Lleida Biomedical Research Institute's received the '[HR Excellence in Research](#)' logo from the European Commission. This is a recognition of the Institute's commitment to developing an HR Strategy for Researchers, designed to bring the practices and procedures in line with the principles of the [European Charter for Researchers](#) and the [Code of Conduct](#) for the Recruitment of Researchers (Charter

and Code).

Please, [check out our Recruitment Policy](#)

Professional profile of the person hired:

- Administrative receptionist

Requirements (excluding applications that do not complete this section):

- Baccalaureate degree, higher level vocational training or equivalent.

These requirements must be met at the beginning of participation in the program.

Context and tasks to be developed:

The selected person will join the Centre for Applied Biomedical Experimental Research (CREBA) in Torrelameu, of the Institute for Research in Biomedicine of Lleida (IRBLleida) to fill a receptionist administrative position corresponding to those provided for in Royal Decree Law 32/2021, of 28 December, on urgent measures for labour reform, the guarantee of employment stability and the transformation of the labour market. This Royal Decree-Law has highlighted the need to incorporate the temporary positions occupied by temporary staff into the structural staff because the functions assigned to them form part of the ordinary and habitual activity, given that they have exceeded their strictly temporary dimension or have lost their own autonomy and substantive nature. For this reason, it is necessary to promote the structural dimensioning of these posts, which can no longer be considered temporary and can be filled under a temporary employment regime, in accordance with the new regulatory framework for temporary contracts established in the Workers' Statute.

Likewise, insofar as the services provided in these posts cannot be covered by a redistribution of staff or other measures of rationalisation and organisation of human resources; and you saw that their structuring cannot be carried out within the framework of the budgetary staff established in the staff annex of the budget for 2022, it is necessary to increase the budgetary staff, in accordance with that established in Article 36. 3 of the Law of budgets of the Generalitat of Catalonia for 2022, respecting the jobs that can be incorporated into the public employment offer, in accordance with the ordinary replacement rate for 2022 regulated in Law 22/2021, of 28 December, on general State budgets for the year 2022 and the specific

replacement rate authorised by the Ministry of Finance and Public Function, in accordance with the fourth additional provision of Royal Decree Law 32/2021, of 28 December.
