

## AMENDMENT TO JOB OFFER 036-21

---

On 21 October, the Institute of Biomedical Research of Lleida published an offer to incorporate a statistician.

Article 19 of the LPGE for the year 2021 authorises a 100% replacement rate for the incorporation of new staff with an indefinite relationship in the public sector. The post to be filled with the publication of this call for applications corresponds to a post with a budget and included in the approved list of posts. Furthermore, there is a sufficient replacement rate to fill it indefinitely.

In consideration of the above, the offer is amended and the content of the modification is made public:

**Modify the type of contract, which is now an indefinite-term contract with a probationary period of 6 months.**

Lleida, 29 October 2021
