

## JOB OFFER

---

Lleida Biomedical Research Institute is recruiting a:

- **Senior technician for large animal housing and experimental operating theatre** -

### The Institute

The IRBLleida aims to promote, develop, transfer, manage and disseminate research excellence, scientific and technological knowledge, teaching and training in the field of life sciences and health. To this end, it promotes relations and the exchange of knowledge between the research staff and research groups belonging to the various centres and entities in the biomedical field, which operate mainly in the Lleida area; it promotes collaboration with other institutions and entities, prioritising the implementation of joint projects; it raises funds to finance research activities of excellence of interest to the aforementioned centres and devices; and it manages the research resources entrusted to it by the various institutions and entities that form part of it. Within the territorial environment, it collaborates closely with:

- The [University of Lleida](#) (UdL) includes researchers from the Faculties of Medicine and Nursing and Physiotherapy.
- The Catalan [Healthcare system](#) includes healthcare staff from:
  - [Catalan Health Institute \(ICS\)](#): [Arnau de Vilanova University Hospital](#) (HUAV), [the Lleida Primary Care and Community](#) and [Primary Care in the Alt Pirineu-Aran Health Region](#)
  - [Gestió de Serveis Sanitaris](#) (GSS): [Santa Maria University Hospital](#) (HUSM), [Pallars Regional Hospital](#) and [Mental Health](#), among others.

The IRBLleida is a [CERCA](#) institute with its own legal status: Fundació Institució dels Centres de Recerca de Catalunya (I-CERCA) de Catalunya, which is organised according to a model of good governance and operation that ensures efficiency, management flexibility, recruitment and promotion of talent, strategic planning and executive capacity. It is also a Health Research Institute (IIS) accredited by the [Carlos III Health Institute](#) and the Government of the Generalitat, as established by Law 16/2003, of 28 May, on the cohesion and quality of the national health system.

In December 2014, the Lleida Biomedical Research Institute's received the '[HR Excellence in Research](#)' logo from the European Commission. This is a recognition of the Institute's commitment to developing an HR Strategy for Researchers, designed to bring the practices and procedures in line with the principles of the [European Charter for Researchers](#) and the [Code of Conduct](#) for the Recruitment of Researchers (Charter and Code).

Please, [check out our Recruitment Policy](#)

### Professional profile:

- Laboratory technician.

**Requirements and characteristics to be met:**

- Higher Level Training Cycle "Animal husbandry and animal health assistance".
- Functions a, b and c, according to Royal Decree 53/2013 (accredited or in progress).

**Functions:**

The selected person will join the Institute for Biomedical Research of Lleida (IRBLleida) to fill a laboratory technician position corresponding to those foreseen in DA 6.<sup>a</sup> of Law 20/2021, of 28 December, on urgent measures to reduce the temporary nature of public employment. This law authorises the call for the stabilisation, on an exceptional basis and in accordance with the provisions of article 61.6 and 7 of the TREBEP, by means of the competition system, of those positions which, meeting the requirements established in article 2.1, had been occupied on an uninterrupted temporary basis prior to 1 January 2016.

The stabilisation of this post was approved in the Agreement of the IRBLleida Board of Trustees on 3 June 2022.

The work will be carried out at the Centre for Applied Biomedical Experimental Research (CREBA), located in Torrelameu (Lleida), and will perform the following tasks within the framework of the research project "Updating and advanced training of surgical speciality doctors in minimally invasive techniques".

- Routine supervision of the animal house and experimental animals, under veterinary guidelines.
- Technical support to research and teaching projects carried out at CREBA, with or without animals: preparation of facilities and materials, assistance to researchers during experimental procedures.
- Assist veterinarians in their tasks related to animal health and welfare during the development of research and teaching projects.
- Management and control of material (equipment and consumables).

**Desirable but not required/ Nice to have**

- Additional training in experimental animals.
- Experience as a caretaker and technician in an experimental pig house.
- Experience as a veterinary assistant on the farm.
- Experience as a veterinary assistant in operating theatres.
- Experience in management and organisation of the material resources of a laboratory.
- Experience in handling human and animal biological samples.

### The Offer – Working Conditions

- Type of contract: Indefinite-term contract
- Planned start date: Immediate.
- Working day: Full 37.5 hours per week.
- Remuneration: 18,000 euros gross per year.

We provide a highly stimulating environment with state-of-the-art infrastructures. To check out our training and development portfolio, please visit our website in the [training section](#).

We offer and promote a diverse and inclusive environment and welcomes applicants regardless of age, disability, gender, nationality, race, religion or sexual orientation.
