

1. Call Opening

1.1. Introduction

The Biomedical Research Institute of Lleida – Dr. Pifarré Foundation (IRBLleida) opens the 3rd call for Bridge Funding Grants for IRBLleida research groups without competitive funding.

1.2. Summary

The aim of this call is to address the most urgent needs of IRBLleida research groups that have a research track record with the acquisition of competitive resources for at least the last 5 years and have lost external funding for the upcoming year.

2. Call Description

2.1. Scope

This grant is for IRBLleida research groups without competitive funding, to avoid, as much as possible, the halt of their research activity and allow them to continue operating until they obtain external funding again.

2.2. Funding & Payment

The maximum amount to be requested is 50% of the first year of the grant not awarded or 50% of the arithmetic average per year of the total requested for the denied grant, you can choose the one that is higher.

In any case, regardless of the amount requested, the maximum funding of this grant will be €20,000.

If the group has competitive and/or non-competitive funding for the next 12 months for an amount of less than €20,000, the maximum amount to be requested for this grant will be €20,000 minus the amount available for the group.

The group can use the allocated funds for the next 12 months or until it obtains competitive or non-competitive funds.

2.3. Duration & Important Dates

- Opening of the call: **February 5, 2026.**
- Deadline of the call: **until March 3, 2026, at 3:00 p.m.**

3. Candidates profile

3.1. Eligibility

The recipients of these grants are the research groups, not the principal investigators (PIs) individually. Two different cases can be given:

- In the case of research groups with a single PI, or two Co-PIs of the same project, the loss of external funding will make the PI or one of the two Co-PIs a candidate to apply for this bridge grant, as long as they meet the other requirements.
- In the case of research groups with more than one PI, only if all PIs lose funding, one of the PIs will be eligible for this grant, if the rest of the requirements are also met. If some PIs in the group have competitive funding, the rest of the PIs in the group will not be eligible to apply for this grant.

Principal investigators of IRB/leida research groups that meet the selection criteria described in the previous section may apply for this grant.

- Eligible researchers must have been IPs with stable and continuous funding in the last five years of national research projects funded by ISCIII (AES) and/or *Agencia Estatal de Investigación (Plan Estatal de Investigación)*, whose project funding application was rejected in the last call but received a **favourable evaluation** from the funding agencies (ISCIII or AEI) or a **score higher than 65 points** in the evaluation of the *Agencia Estatal de Investigación*.

Stable and continuous funding will be considered when the researcher has been PI/Co-IP of at least two competitive national projects from ISCIII and/or AEI in the last 5 years.

3.2. Incompatibility

Principal investigators in the groups who have any other type of competitive and/or non-competitive funding for the next 12 months and whose total amount **€20,000** at the time of the application, will not be eligible to participate in this call.

4. Application & Award Decision

4.1. Proposal Submission

The required documentation must be submitted through the link provided for this purpose in the intramural calls section of the IRBLleida website (<https://www.irblleida.org/es/convocatorias-intramurales/>).

To formalise the application, the following documentation must be submitted using the application form available on the IRBLleida website, in the research - intramural calls section:

- Curriculum vitae of the PI (CVA FECYT format).
- Rejected resolution of the project with the favourable evaluation issued by the ISCIII or the AEI.

4.2. Evaluation Criteria

N/A

4.3. Award Decision

The applications will be evaluated by the Direction of the institute, and the award will be subject to the availability of funds. The resolution of this bridge grant will be communicated to the applicant within one month. The maximum amount granted for these bridge grants will be a maximum of €20,000. The grant will be adjusted accordingly if the group has other available funds.

5. Other Clauses

Participation in this call for proposals implies knowledge and acceptance of all its terms and conditions, including:

5.1. Proposal Documentation Confidentiality

The documentation associated with the proposals will be treated as confidential information, being obliged to maintain the confidentiality of the information all persons involved in the evaluation and assessment of the proposals, and may be used for informative and dissemination purposes, subject to prior consent of the applicants.
